SUMMER INSTITUTES PARENTAL INFORMATION LETTER

Dear Parent or Legal Guardian,

Texas State Technical College Waco (TSTC Waco) is one of eight partner colleges in the National Center for Optics and Photonics Education (OP-TEC). OP-TEC is funded by a National Science Foundation Advanced Technical Education (ATE) grant and is based in Waco, Texas. The purpose of OP-TEC is to increase the number of technicians trained in “photonics” to meet the industries increasing need for technically trained employees. A photonics technician will work with laser, optics and all of the electrical and mechanical components associated with these systems. Currently the need for these technicians is increasing.

The Laser Electro-Optics department has been training laser/photonics technicians for over 40 years. Currently the placement rate of graduates of our accredited associate degree program is above 95%. In 2005, TSTC Waco started the first Nanotechnology program for technicians in the country. Nanotechnology is heavily dependent on lasers and optics and TSTC Waco is the Nanotechnology partner in this center. In an effort to increase awareness of this growing field, TSTC Waco is offering a Summer Institute in photonics and its associated applications. The Institute’s curriculum will inform students about basic laser/optics principles as well as applications of these principles. Students will learn about the educational opportunities at TSTC Waco and employment opportunities in the industry. The Summer Institute is open to students (grades 9-12), teachers and counselors.

OP-TEC and TSTC Waco will provide lunch during the one day event. Working hours are from 10:00 AM to 3:00 PM. An on-line schedule of detailed activities is provided at the website for the Summer Institute. Participants are responsible for their travel to and from the Institute. It is necessary that you complete the Parental Consent and Student Information Form with all the required information. This form must be completed in its entirety and signed and dated by a parent or legal guardian.

It is OP-TEC and TSTC Waco’s hope that your son or daughter can attend the summer institute and learn more about the photonics industry and employment opportunities. If you have any questions you please call me at 254-867-3173 or email me at john.pedrotti@tstc.edu. Thank you for considering the OP-TEC Summer Institute as a compliment to your child’s education.

Sincerely,

John O. Pedrotti
Department Chair
Laser Electro-Optics/Nanotechnology Department
Texas State Technical College Waco

Please sign and date below indicating your have received and read the above letter.

TSTC SUMMER INSTITUTES 2016
Parental Consent and Student Information

May 16, 2017, June 20, 2017, or July 11, 2017

Summer Institute Conditions:

1. Student must provide, or arrange for, their own transportation to and from Texas State Technical College Waco.

2. Photographs and video footage taken during the Summer Institute may be used by Texas State Technical College (TSTC) and the National Center for Optics and Photonics Education (OP-TEC) for promotion of photonics education. I hereby consent to and authorize the use and reproduction by TSTC or OP-TEC or anyone authorized by TSTC or OP-TEC of any and all photographs or video footage that has been taken of my child during the workshop for any purpose, without compensation to me. All negatives, prints, and digital images are owned by TSTC or OP-TEC. TSTC and OP-TEC reserve the right to use these photographs in any of its print or electronic publications in promotion of photonics education.

I have read and understand the above conditions. I understand that a violation of those conditions is grounds for dismissal from the Summer Institute.

Student Signature: _____________________________________________________________
Date:__________

Parent or Legal Guardian Signature: _______________________________________________
Date:__________

Please list any special medical needs or conditions that the attending student may need.

Emergency Contact Information (must be parent or legal guardian):

Name: _______________________________________________________________________
Address: _____________________________________________________________________
City:  ______________________________  ST:  ___________________  ZIP:  _____________
Home#:  __________________  Cell#:  ___________________  Work#:  __________________

I understand that Texas State Technical College is not responsible for treating or caring for the above conditions.

Parent or Legal Guardian Signature: _____________________________________________
Date: __________
To Complete Application by MAIL or EMAIL:
Mail all application materials by required deadline to:
Ronald Neumann
Recruiting Specialist
ronald.neumann@tstc.edu
Texas State Technical College / LET Department
3801 Campus Drive
Waco, TX  76705

To Complete Application by FAX:
Fax all application materials by required deadline to:
ATTN:  Ronald Neumann, Recruiting Specialist
Texas State Technical College / Laser Electro-Optics Technology (LET) Department
Fax:  254-867-3175

INSTITUTE DATES:
May 16, 2017 – 1st Institute
June 20, 2017 – 2nd Institute
July 11, 2017– 3rd Institute

APPLICATION DEADLINE:
May 1, 2017 – 1st Institute
June 5, 2017– 2nd Institute
June 26, 2017 – 3rd Institute

For more information or questions about applications, please contact:
